

THIS CONFIRMS THE APPOINTMENT OF

.....

AS

FOR

..... STATE OUTDOOR ACTIVITIES ADVISER

.....

THE OUTDOOR CODE

AS A GUIDE I WILL STRIVE TO CONSERVE NATURE
SO THAT LIFE MAY BE RICHER FOR ALL.

- I will - protect and preserve animal and plant life,
only using what is necessary;
- be careful with fire;
 - correctly dispose of litter or rubbish;
 - preserve the non-living things of nature from
destruction or damage;
 - enjoy nature quietly, so that others may
enjoy it too;
 - take an active part in conservation projects.

I will keep the countryside, roads and beaches free of litter.

I will always be careful in the use of fire, remembering that
fire can be one of the great destroyers of the Australian bush.

I will strive to preserve naturalness, the beauty of the
landscape, the wild plants, trees and animals.

I believe that places where people live must be attractive and
pleasing, and I will therefore strive to have the use of our
earth better planned and more carefully maintained.
