

A "THANKS" BADGE

has been presented to

by the Girl Guides Association of Australia, in recognition of your outstanding support, which has helped in the training of girls and young women to become responsible community members.

The badge was designed by Lord Baden-Powell in the very early days of guiding. The three green leaves represent the three parts of the Guide Promise; the three shining moons stand for the way in which a guide spreads cheerfulness, and helps the lost and lonely on their way.
